SI KLEGG

BY JOHN McELROY # # ILLUSTRATED #

More Experiences Around Murfreesboro, and Acquaintance with Levi Rosenbaum, the Spy.

BOOK NO. 3.

The third volume of the Si Klegg book is now in press and will soon appear. This takes Si and Shorty thru some more experiences in the country around Murireeshoro and introduces Mr. Levi Rosenbutum, the Jew spy, who is a most interesting character. He is a man as thoroly devoted to the Union as those who are carrying muskets, but he is serving the cause in his own way and taking risks that few men in the ranks would dare. Mr. Rosenbaum is drawn astonishingly true to life, and brings out a phase of the history of the war that has never yet received attention. Our old friend, Deacon Klegg, whom we all learned to love, has some more experiences and starts home to attend to his farm work. Interspersed thru these are incidents of the highest interest to Si and Shorty, who managed to get into all sorts of affairs, and get out of them after the manner of all bright, active American boys. The volume is of vivid interest from first to last, and contains one of the most popular installments of the series, It is uniform in appearance and style with the preceding ones. Price 50 cents, or The National Tribune for one year and Si Klegg, paper cover, both postpaid, for \$1. Address THE NATIONAL TRIBUNE, Washington, D. C.
